Sustainable Development Goals

The Sustainable Development Goals (SDGs) provide a shared framework for achieving peace and prosperity across the world. Adopted in 2015 by all United Nations member states, the 17 SDGs cover specific goals including Quality Education, Gender Equality and Climate Action. The ultimate aim is to recognise that each individual SDG must be achieved in tandem with the others in order to create an ideal world for all.

Each weekly theme is based on an SDG:

- Goal 13. Climate Action
- Goal 4. Quality Education
- Goal 3. Health and Well-being
- Goal 1. No Poverty (and Goal 10. Reduced inequality)
- Goal 16. Peace, justice and strong institutions
